About the Fund
Have you got an ambitious project that will have a long-lasting impact on your society? Maybe it would be purchasing equipment, organising an epic event, or running some training? Applications are considered by members of the Societies Council. As such, applications are open 1st October - 30th November and 15th January - 1st March.

Eligibility Criteria
The fund is open to societies and volunteering groups. Most activities or purchases that can demonstrate a long-lasting impact are covered. There is no specific scope or target group required – simply the more impact for more time the better.
More details in the extended guidelines document.

Application Guidelines
- Applications are open 1st October - 30th November and 15th January - 1st March.
- Funding meetings will occur fortnightly, so applicants should expect to hear following one of these meetings.
- For the best application, the more impact for more time the better.

Important Remarks
There are restrictions on the amount granted depending on the nature of the activity or item.
More details in the extended guidelines document.
