Purpose
As part of our application and recruitment process, the Students’ Association collects and processes personal data relating to job applicants. We are committed to being transparent about how we collect and use that data and to meeting our data protection obligations.

This document sets out:
- Why we collect your personal information;
- What information is collected and;
- How it is processed within the recruitment process.

Throughout this Privacy Notice we use the term “processing” to cover all activities involving your personal information, including collecting, handling, storing, sharing, accessing, using, transferring and disposing of the information.

What information do we collect?
In order to manage your application, Students’ Association collects a range of information about you. This includes:

- your name, address and contact details, including email address and telephone number;
- details of your qualifications, skills, experience and employment history;
- information about your current level of remuneration, including benefit entitlements;
- whether or not you have a disability for which the organisation needs to make reasonable adjustments during the recruitment process;
- information about your entitlement to work in the UK; and
- equal opportunities monitoring information, including information about your ethnic origin, sexual orientation, health and religion or belief.

We may collect this information in a variety of ways. For example, data might be contained in application forms, CVs, obtained from your passport or other identity documents, or collected through interviews or other forms of assessment.

We may also collect personal data about you from third parties, such as references supplied by former employers. We will seek information from third parties only once a job offer to you has been made and will inform you that we are doing so.

Data will be stored in a range of different places, including on your application record, in HR management systems and on other IT systems (including email).

Why do we process personal data?
The Students’ Association needs to process data to take steps at your request prior to entering into a contract with you. It may also need to process your data to enter into a contract with you. In some cases, the organisation needs to process data to ensure that it is complying with its legal obligations. For example, it is required to check a successful applicant’s eligibility to work in the UK before employment starts.
We have a legitimate interest in processing personal data during the recruitment process and for keeping records of the process. Processing data from job applicants allows us to manage the recruitment process, assess and confirm a candidate's suitability for employment and decide to whom to offer a job. We may also need to process data from job applicants to respond to and defend against legal claims.

We may process information about whether or not applicants are disabled, in order to make reasonable adjustments for candidates who have a disability. This is to carry out our obligations and exercise specific rights in relation to employment.

Where we process other special categories of data, such as information about ethnic origin, sexual orientation, health or religion or belief, this is for equal opportunities monitoring purposes.

We will not use your data for any purpose other than the recruitment exercise for which you have applied.

**Who has access to data?**
Your information may be shared internally for the purposes of the recruitment exercise. This includes members of the HR team, interviewers involved in the recruitment process, managers in the business area with a vacancy and IT staff if access to the data is necessary for the performance of their roles.

We won’t share your data with third parties, unless your application for employment is successful and it makes you an offer of employment. We will then share your data with former employers in order to obtain references for you.

We will not transfer your data outside the European Economic Area.

**How do we protect your data?**
The Students’ Association takes the security of your data seriously. We have internal policies and controls in place to ensure that your data is not lost, accidentally destroyed, misused or disclosed, and is not accessed except by our employees in the proper performance of their duties.

**How long will we keep your data?**
If your application for employment is unsuccessful, we will hold your data on file for 6 months after the end of the relevant recruitment process. At the end of that period your data is deleted or destroyed.

If your application for employment is successful, personal data gathered during the recruitment process will be transferred to your personnel file and retained during your employment. The periods for which your data will be held will be provided to you in a new privacy notice.
Your rights
As a data subject, you have a number of rights. You can:

- access and obtain a copy of your data on request;
- require us to change incorrect or incomplete data;
- require us to delete or stop processing your data, for example where the data is no longer necessary for the purposes of processing; and
- object to the processing of your data where we are relying on a legitimate interest as the legal ground for processing.

If you would like to exercise any of these rights, please contact data@eusa.ed.ac.uk

If you believe that we have failed to comply with your data protection rights, you can complain to the Information Commissioner.

What if you do not provide personal data?
You are under no statutory or contractual obligation to provide data to us during the recruitment process. However, if you do not provide the information, we may not be able to process your application properly or at all.

Automated decision-making
Recruitment processes are not based solely on automated decision-making.
